Firearm Policy

All firearms must be kept locked up in vehicles while on Snowbird property until transferring them to the gun range at the appointed time.

All long guns must be transferred to the gun range with the **action open, unloaded, and in a case** when possible. If no case is available, the gun must be **unloaded and the action must be open**.

SWO's on-campus range will only be open for the use of long guns (shotguns and rifles). If you or your group would like to shoot handguns, please contact the Snowbird office for information on local shooting ranges.

Anyone who wishes to participate in the shooting recs at Snowbird must attend the "range rules" meeting prior to visiting either range.

After participating in the shooting recs at Snowbird, guns must be transferred back to the vehicle in the same manner that they were brought to the range. The vehicle must then be kept locked.

Snowbird Outfitters is not responsible for any lost, left, or stolen items.
